

# Broaden your subject offering

**All courses are authorised by the IB and are taught online by our experienced teachers trained in digital learning strategies. We take full responsibility for teaching and learning.**

- ◆ Students use our online platform to access content at any time, and interact with Pamoja teachers and other students from around the world
- ◆ Student engagement, activities and submission of assignments are tracked by Pamoja teachers to provide support at the point it is needed
- ◆ Schools designate a member of staff to be a face-to-face point of contact and keep track of student progress

▶▶ The skills that I've gained in the last year are definitely lifelong, and learning with Pamoja really does help with university. I was speaking to other students who took a Pamoja course the year before me and they said it had been amazing for their university applications as well as in gaining experience of that learning style.
